January 8, 2013

Dear Middleton Place,

I am sure that you are as amazed as we are that another year has gone by. And, of course, we find ourselves planning the 15th Annual D. George Harris Brays Island Fox Hunt.

On Sunday, January 20th, 2013, we will again host the Middleton Place Hounds here at Brays Island Plantation, a tradition that began 15 years ago as a result of George's intense love of fox hunting in the open countryside.

The Brays Island Plantation community is welcoming horses and their riders to gallop through the hunt fields following the scent of a fox! Join your fellow MPH riders and the Brays Island community in this wonderful tradition of colors, fellowship, and most of all, horses!

Horses entering the plantation are required to have the following vaccinations and health records:

Current negative coggins

Health certificate (horses that reside out of South Carolina)

Vaccinations:

Fall of 2012

Eastern/Western Encephalitis

West Nile

Rhino/Flu

Within the last year:

Rabies

Tetanus

Strangles –Horses are required to be vaccinated against the disease (within the last year) or have proof from a veterinarian that a high immunity level exists in the animal. If you do not wish to give the strangles vaccine, titer test results with an antibody level of 1:1600 or greater will be accepted.

***ALL RIDERS ARE REQUIRED TO SIGN A BRAYS ISLAND WAIVER WHICH IS ATTACHED TO THIS EMAIL AND SHOULD BE SUBMITTED WITH THE HORSES PAPERWORK TO THE EQUESTRIAN DEPARTMENT**
